

NEBOSH Level 6 International Diploma for Occupational Health and Safety

NEBOSH Level 6 International Diploma for Occupational Health and Safety

Introduction

The NEBOSH Level 6 International Diploma for Occupational Health and Safety Management Professionals is a perfect choice if you want to make health and safety your career.

The syllabus has been developed with experts for experts! We consulted with over 600 people including, key stakeholders, previous Diploma learners, Learning Partners, subject experts, and employers during its development.

The resulting qualification will give you the knowledge and practical skills you need to perform as a leading health and safety professional of the future. You will gain confidence in your capabilities to recognise and solve everyday health and safety issues and take opportunities for improvement.

This advanced international health and safety qualification will support your academic and career progression.

Who is it for?

This qualification is a perfect choice for anyone who wants to make health and safety their career.

Building upon the foundation of knowledge provided by the NEBOSH General Certificate, it is particularly relevant for:

- Health and safety professionals or those with aspirations to be one
- People with health and safety responsibilities who want to gain an in-depth understanding

Employers

Employers looking for more information on how NEBOSH qualifications can benefit your organisation, can find out more on our [Guidance for Employers page](#).

Course Details

The qualification deliberately looks at general workplace issues so that it can be applied in the many different sectors in which health and safety professionals may work.

On completion of the qualification, you will be able to:

- advise on the types of legislation likely to apply, the relevance of ILO and non-government bodies' guidance and possible enforcement actions
- identify and effectively communicate relevant health and safety information
- advise on a range of common workplace health and safety issues including how these can be assessed, controlled and monitored
- develop a health and safety policy strategy (including proactive safety, Corporate Social Responsibility and the change management process)
- contribute to a risk management strategy
- promote a positive health and safety culture
- develop and audit health and safety management systems
- maintain individual and organisational health and safety competence
- manage contractors and supply chains to ensure compliance with health and safety standards.

Length of course

The qualification requires a minimum of 185 taught hours plus 144 recommended self-study hours and 80 assessment hours.

Entry Requirements

There are no mandatory qualification entry requirements but it is strongly recommended learners have undertaken the NEBOSH General Certificate in Occupational Health and Safety. The syllabus assumes that learners will have this level of prior learning.

It is important that learners have a suitable standard of English language in order to understand and articulate the concepts contained in the syllabus. NEBOSH recommends that learners undertaking this qualification should reach a minimum standard of English equivalent to an International English Language Testing System (IELTS) score of 7.0 or higher in IELTS tests.

Assessment Format

The qualification units are assessed in the following way:

DI1 – Know – workplace health and safety principles	Assignment - workplace-based tasks together with simulations and reflective statements and a research topic
DI2 – Do – controlling workplace health issues	Scenario-based case study
DI3 – Do – controlling workplace safety issues	Scenario-based case study

Each assessment is a substantial undertaking. We anticipate that it will take you around 40 hours to complete the DI1 assignment and 20 hours each for the DI2 and DI3 case studies. The time-period given for you to complete each assessment reflects this:

- Unit DI1: 4 weeks (20 working days)
- Unit DI2: 2 weeks (10 working days)
- Unit DI3: 2 weeks (10 working days)

Course Dates

Unit	Number of hours	Start Date	End Date	Assessment Start Date	Assessment Submission Date	Trainer
DI2 – Do – controlling workplace health issues	60	08-Oct-23	08-Nov-23	15 November 2023	29 November 2023	Dr Alaa Zidan
DI3 – Do – controlling workplace safety issues	54	26-Nov-23	27-Dec-23	10 January 2024	24 January 2024	Adel Salman
DI1 – Know – workplace health and safety principles	71	28-Jan-23	28-Feb-23	13 March 2024	12 April 2024	Adel Salman

Assessment Results

You will receive your results 50 working days after the submission date for your assessment. A unit certificate will be issued 20 working days after the notification date for each successful unit.

Once you have passed all three unit assessments (DI1/DI2/DI3) your combined percentage mark will give your overall grade for the qualification (Distinction/Credit/Pass).

- Distinction 226 or higher
- Credit 196 – 225
- Pass 150 – 195

A qualification parchment will be issued 20 working days after the results notification date for the third successful unit.
